

LIVE OR VIRTUAL

# TraumaTALKS Conference

*Supporting At-Risk Youth Populations*

Our annual **TraumaTALKS Conference** gathers esteemed clinicians, researchers, and experts dedicated to tackling the issue of childhood trauma.

Attendees gain invaluable insights into identifying at-risk youth populations and implementing effective recovery strategies. **TraumaTALKS** fosters collaboration, sharing cutting-edge research and best practices to equip participants with tools for making a real difference in the lives of traumatized children.

It is through the support of sponsors and partners that we can amplify the impact of **TraumaTALKS**, leading to better outcomes for vulnerable youth. If you are interested in sponsoring our next conference in February 2025, please contact

**Shawn Alex Nemeth, Founder & CEO, at**
